SPIKE OF GLADIOLUS

## Special Offer of Fine Gladiolus.

HE Gladiolus is a beautiful, easily grown bulbous flower for groups or beds. The flowers are borne in long spikes, are large, of rich and varied colors from white to blue and crimson, showy in the garden, and fine for cutting. I can supply splendid mixed bulbs of a choice strain imported from Holland, by mail prepaid, 100 bulbs \$1.00; 250 bulbs, \$2.00; 500 bulbs \$3.50; 1000 bulbs \$6.00. I can also supply the following:

#### Finest Named Gladiolus, Lot A.

Lilly Lehman, White, the only white Gladiolus that may be called a good one, especially in the long-stoled family, very fine lvory white, large flowers good grower; stalks about four feet: flowers expand wide open. high eat awards where exhibited. Each floe.

Halley, Salmon-pink, extra large flowers; open all at the same time; a very fine and rare color; good grower; stalks three to four feet. This sort should be called Non plus ultra. Each 5c.

Princepine, Dazzling Scarlet, distinct white blotch; flower large, wide open, beautiful: stalks two feet high, with nice dark green foliage; called Ama-ryllis Gladiolus. Each, 5c.

Golden West, Brilliant Orange, extra large, wide-open flowers; every neat lit-tle dark stripes give the highest at-traction; three to four feet high; fin-est decoration for rooms or halls. 5c.

Baron J. Hulot, Indigo Blue; a grand novelty; the real rich deep blue so anxiously looked for three to four feet high; fully open flowers, showing lovely center. Each, 5c.

This Splendid Collection, 6 Fine Bulbs, 25 cents. Larger Bulbs, 50 cents.

#### Fine Named Gladiolus, Lot B.

White, Augusta, grand spike. ea., 5c. | Cream, Hollandia. new, large, ea., 5c. | Rose, America, large flowers, ea., 5c. | Pink, Pink Beauty, fine pink, ea., 5c. | Seariet, Brenchleyensis, each, 5c. | Blue, Coerulea, new blue; fine, ea., 5c.

This Fine Collection, 6 Large Bulbs, 18 cents. 6 Lots, 36 Bulbs, \$1.00.

#### These Splendid Gladiolus Free.

Buring January, February, May and June I'll send free, as a premium. Lot B for a 50 cent order for seeds, bulbs or plants, selected from the Guide; or Lot A for a \$1.00 order; or both lots for a \$1.50 order; or both lots and 10 Superb Mixed Gladiolus for a \$2.00 order.

Buring March and April I'll send free, as a premium, 10 Superb Mixed Gladiolus for a 50 cent order, for seeds, bulbs or plants, selected from the Guide; Lot B for a \$1.00 order; Lot A for a \$1.50 order; both lots for a \$2.00 order; and both lots and 10 Superb Mixed Gladiolus (22 bulbs in all) for a \$2.50 order.

Why not order before March, while the business is not rushed. During March and April we have to work day and night to keep up with our trade. Please see your friends and make up a big club-order early. Send for my special liberal terms to those who solicit subscriptions for Park's Floral Magazine. You can make money by acting as my agent.

HOW TO REMIT.—Sums of \$1.00 or more remit by draft, express order, more order or registered letter. Smaller sums remit in silver coin in a coin card or sewed in split pasteboard, or in 1-cent or 2-cent postacestamps. I guarantee money to reach me mailed as directed. Always remit enough money to pay for the seeds ordered.

Address all orders and communications to

GEO. W. PARK, Seedsman, Florist and Publisher, La Park, Lancaster Co., Pa.

#### INDEX AND GERMINATION TABLE.

WHEN sowing divide the packages, and sow at different times. Note the time, and give good care until the plants have had time to appear. Figures here indicate pages, and letters indicate, as per key, the time needed for germination. Do not condemn seeds until you have given them at least two or three trials.

5 days 8 days 10 days 15 days 20 days 25 days 30 days 50 days Indefinite. Doubtful.

## Introductory Remarks.

Y DEAR FLORAL FRIENDS:—Another year with its joy and sorrow, its verdure and bloom, its successes and failures, is numbered with the past, and today we stand upon the threshold of the bright new year, so full of promise. The past year was at least an average one for the gardener, and the pleasures gained from garden experience will act as a stimulus to renewed efforts during this glad new year. To that end I

THE WOMAN WHOSE PLANTS AND SEEDS ALWAYS GROW.

cheerfully send you my new Floral Guide, in which I offer an immense assortment of the choicest varieties of Flower and Vegetable seeds, also summer-flowering bulbs and plants. Those who have dealt with me know that my seeds are of the finest quality and vitality, and can be fully relied upon. I do not deal in cheap seeds, which are dear at any price. The best is none too good, and I supply only the best, regardless of cost. You can test my seeds with those of any other seedsman, no matter what his prices

may be. A test will insure me of your continued patronage.

I would also call your attention to Park's Floral Magazine, an illustrated monthly publication devoted entirely to the interests of Floriculture. It is the oldest and most popular journal of its class in the world, having been established by me more than forty years ago, and its circulation running into hundreds of thousands. Every person who loves and cultivates flowers will find this Magazine not only interesting and entertaining, but a most valuable assistant in the successful treatment of flowers and plants. It tells about the new and choice flowers, gives cultural directions, and remedies for insects and diseases. It gives just the information to insure the highest success with the window and flower garden. Subscription price one year 10 cents; three years 25 cents; six years 50 cents. I offer liberal terms to those who will get subscriptions. Write to me for blank list, premium list and sample copies, which will be gladly sent upon application.

I tender to you, my friends, one and all, my sincere, hearty thanks for your liberal and continued patronage in the past. Many of you have been giving me your orders, year after year, for an ordinary lifetime, and have kindly introduced me to a host of new patrons who have become equally enthusiastic. Thus my floral family has gradually increased until it embraces hundreds of thousands—half a million, indeed, of ardent flower-loving people. I have better facilities now for the prompt and satisfactory treatment of my patrons than ever before, and I assure you

THE WOMAN WHOSE SEEDS DO NOT COME UP TILL SCRATCHED UP.

that my best efforts will always be given to merit the confidence and patronage so freely accorded me. My aim is to deal with you just as though you were personally present. I guarantee the safe arrival of your order, the safe arrival of the seeds or bulbs or plants, and I guarantee satisfaction. If mistakes are made I cheerfully correct them. My best wishes for your success go with the seeds; and to help you I send cultural directions with every package, and give special information from month to month in my Floral Magazine. As you read this Guide write with your pencil upon the order sheet on page 61 the names of the flowers wanted, detach it and mail to me in the return envelope. Very truly yours,

La Park, Pa., New Years Day, 1914.

GEO. W. PARK.

Y DEAR PATRONS:—How quickly the seasons pass! I can hardly realize that planting time and the birds' return are so near at hand; but the lengthening days and warmer sunshine tell us that our almanae is right, so we must select our seeds and have them ready for sowing. We all want to do a little better this year than in the past, and I will speak of a few flowers, some of which you

may wish to add to your collection.

may wish to add to your collection.

For summer beds we want plants that will bloom freely and continuously, and among these I can recommend Ageratum, tall and dwarf; Sweet Alyssum, white carpet; Celosia eristata (Coxcomb), Empress; Celosia magnifica, crimson and gold; Gaillardia grandifora and Lorenziana, Marigold, French and African, tall and dwarf; Nicotiana affinis, Sanderæ and Sylvestris; Mirabilla or Four-o'Clock; Phlox Drummondii; Petunia, Compact Bedding; Salpiglossis, Verbena, Ten Weeks Stock and Zinnia. All of these delight in warm sunshine, and will thrive in any ordinary

A beautiful bed can be produced at little cost by the Glasgow Prize Coxcomb, setting the plants eight inches apart and bordering with Sweet Alyssum Equally beautiful and lasting is a bed of Celosia magnifica crimson, bordered with Ageratum Imperial white. Tall African or French Marigolds set a foot apart may be advise the Color of the Ageraum imperial white. Tail African or French Mangodos set a foot apart may be edged with Tagetes signata pumila, with good effect. A mass of bedding Petu is in mixture may be bordered with rose or white Eschscholitzias; Gaillardia grandiflora or Gaillardia Lorenziana can be edged with African Daisy; Nicotianas can be edged with Dwarf Ageratum; Cannas with Salvia Alfred Raginean; Bedding Zinnias with Dwarf Mirabilis; Verbenas and Stocks with Alyssum. The plants can all be easily raised from seeds except the Cannas, the seedlings of which are not true to color.

For a bright hedge or border in autumn the Scarlet Salvia is hardly equalled, Seedlings are easily started, and are true to name. The new Giant Snaparagons are among the most beautiful and showy of summer and autumn flowers, and fine for a border, as also the Giant Zinnias, the flowers of which are almost as large and bright as a Dahlia. The new African Daisy (Dimorphotheca), Godetia Clarkia, Salpiglossis, Nemesia, Calliopsis, Portulaca, Cosmos and Centaurea cyanus or Corn Flower are all handsome for borders. Hundreds of my friends have written me enthusiastic letters about the above named flowers, but I have (I regret) only space for the following: Seeds of any of these, 5 cts. per pkt., 4 pkts. 15 cts.

AGERATUM.—Mr. Park: I had especial success with your Ageratum the past season. The feathery clusters of bloom are lovely, whether in the open border or hanging basket, vase or pot. It blooms in the window in winter as well as outdoors in summer.—Mrs. Ada Carpenter. Spokane Co., Wash., Oct. 27, 1913.

well as outdoors in summer.—Mrs. Ada Carpenter. Spokene Co. Wash., Oct. 27, 1828.

ALYSSUM.—Mr. ark: You'r Carpet Sweet Alyssum is excellent for an edger. My plants spread ten or twelve mittle covered by snow.—Mrs. J. H. Dial, N. Y. Oct. 28, 1813.

ASTER.—Mr. Park: Lastspring I planted seeds of your Branching Aster, and was surprised and delighted with their beauty. Such large, perfect blooms, and so many shades and colors! They were admired by all who saw them.—Mrs. Lella Sternberg, Chaut. Co., N. Y., Oct. 10, 1913.

BAISAM.—Mr. Park: Last summer I grew from your seeds some of the largest and finest Balsam flowers I ever saw. They measured two inches across, were double to the center, and of rich and varied colors, and some spotted and striped. I shall always include your Balsams when making up my order for seeds.—Mrs. A. J. Miller, Reno Co., Kas.

CALLIOPSIS.—Mr. Park: My M. Calliopsis were a mass of lovely, airy blossoms all summer and fail. I don't know of a flower more bright and graceful. or one easier to grow. They self-sow, and ilive over winter, consequently are ready to start early in spring.—Mrs. Wy, M. S., Jefferson Co., Ala.

CELIOSIA.—Mr. Park: My Dants of Celosia magnifica were one the trost was the spring and the server of them. They are so easily grown and so attractive.—Adde Conner, Marshall Co., W. Va., Oct. 27, 1413.

COSMOS.—Mr. Park: I cannot say enough in praise of your Early-flowering Cosmos. The flowers were of all colors, white to crimson, and bloomed in great abundance from July till October.—Geo. L. Gindent, Lucas Co., O., No. 3, 1913.

Perhaps no other class of flowers is so useful in bear

COXCOMB. EMPRESS

pkt., 4 pkts. 15 cts.

MARIGOLDS.—Mr. Park: Such beauties as I raised from your packet of Dwarf Marigold! Edged with Sweet Allssum the border was very showy, and the combination all that one could desire.—Mrs. Chas. A. Clark. Norfolk Co., Mass. Oct. II.193.

MASS. Jot. II.193.

PANSY.—Mr Park: Your Giant Pansies were fine. Nearly every seed grew, and the blossoms were mostly us large as a silver dollar. I shall get more of you the coming season, as there are none better than yours.—Mirs. Ada F. Lee, Dauphin Co., Pa., Oct. I3, 1913.

PETUNIA.—Mr. Park: I have found nothing that gives such returns as a bed of your Petunias They show a great variety of colors and markings, and are in full floom throughout the season.—O. Borcherding, Bowle Co., Texas, Oct. 27, 1913.

PHLOX DRUMMONDII.—Mr. Park: I had a bed of

Oct. 21, 1915.

PHLOX DRUMMONDH.—Mr. Park: I had a bed of your Phlox Drummondil last summer. The plants are easily raised, and began to bloom when three inches high, continuing until today (Oct. 18th), when the plants are still blooming. They show a great variety of colors, and are very attractive. It is a joy to see them.—Mrs. W. W. Tuttle, New Haven Co., Conn., Gct. 16, 1913.

Haven Co., Conn., Get. 16, 1913.

SALPIGLOSSIS.—Mr. Park: From a 5-cent packet of your Salpiglossis I raised li plants, and everybody asked what they were. The large, Petunia-like flowers were held erect on strong stems. blue and gold, red and gold, pink and red, brown and blue, the pencilings being so flue and lacelike. They were lovely for cut flowers,—R. M. F., Middleser Co., N. J., Nov. 4. 1913.

TAGETES SIGNATA.—Mr. Park: Those who wish an everblooming golden edging should not fail to try your Tagetes signata pumila. I have 20 plants from one packet, and they have been blooming from the time they were a few inches high—not a bloom here and there, but loaded with blooms. I admire them very much. They don't mind hot, try weather or sandy soil.—Mrs. M. T. Diehl, St. Louis Co., Mo., Oct. 10, 1913.

HERCULES CLUB GOURD.

Perhaps no other class of flowers is so useful in beautifying a place and making it home-like as the Ornamental Climbers. For a trellis or summer house Cobœa Scandens and Morning Glories, both common and Japanese, are useful. The Japan sort embraces a wonderful variety of shades and variegations, and often the foliage is handsomely spotted or blotched. My seeds of these are from Italy, and the mixture is unsurpassed. Gound will cover or fapid growth and always pleasing in flower or feath of the planes of the search of the growth and always pleasing in flower or feath of the planes of the search of the growth and always pleasing in flower or feath of the planes of the search of the growth and always pleasing in the search of the search flower or fcuit. The Dipper Gourd will cover an old fence or stump or tree in a short time, and never fails to elicit the admiration of those who see it. Hera short time, and never fails to elicit the admiration of those who see it. Herevilles Club Gourd, Nest-Egg Gourd, Sugar-trough Gourd, Disholoth Gourd and Apple and Orange Gourd are all effective. The pretty little Lagenaria minima, and the Sunall Fancy Gourds are charming in the garden, and the fruits are fine toys for children. If you have room for them be sure to grow a few Gourds. Other pretty vines are Cardiospermum or Balloon Vine; Capary Creeper or Tropæolum peregrinum; Cypress Vine, Hyacinth Bean, Variegated Hop and Maurandya; also Sweet Peas, Nasturtiums and Thunbergia elata. Seeds of any of these 5 cents per packet, four packets 15 cents.

COBETA.—Mr. Park. My Cohen vines from your seeds are now in bloom, and with

Seeds of any of these 5 cents per packet, four packets 15 cents, COBEGA.—Mr. Park: My Coben vines from your seeds are now in bloom, and with their green and purple blossoms are the most beautiful flowers I have ever seen. They are easy to grow,—Mrs. Gertie Weidner, Crawford Co. Pa., Oct. 29, 1918.

GOURDS.—Mr. Park: From a mixed packet of your Gourd seeds I had a smany as 20 different varieties. I had a Hercules Ollub that measured 35 inches in length, and was the wonder of all who saw it.—Mrs. J. G. Johnson, Chippewa Co., Wis., Nov. 6, 1913.

JAPANESE MORNING GLORIES.—Mr. Park: I never fail to plant your Japanese Morning Glories. The flowers are very pretty, and vary in colors and mark fringed throat, etc. Your mixture makes a surprise packet.—Mrs. F. H. Haward, Maricopa Oc., Aria., Oct. 23, 1913.

#### Gossip with Patrons Continued.

It is to be regretted that the hardy Perennial Flowers are not generally cultivated. When once established many of them will last for years almost without attention, and make an admirable display every season. They are readily propagated from seeds, and some of them will bloom well even the

first season, if the plants are started early. Arabis Alpina, Alyssum saxatile, Arabis Alpina, Alyssum saxe started early. Arabis Alpina, Alyssum saxeting Achillea, Bellis or English Daisy, Carnation, Campanula pyramidalis, Delphinium elatum, Gaillardia grandiflora. Hibiscus Coccineus, Lupinus polyphyllus, Myosotis palustris, Platycodon, Pentstemon, Pinks, Rudbeckia, and Sweet William are all of easy culture, and should be in every garden. The new early-flowering hardy Carnations, sold under the name of Vanguard, bloom the first covering and the Garage are now double of recovery with color and the first

special mention.

AQUILEGIA.—Mr. Park: I want to tell you about my lovely Aquilegia or Columbine raised from your seeds. I grew them in the shade of a Cherry tree, and gave but little care. They have been a revelation to many persons here. I had white, lavender, red, blue. salmon, purple, pink, etc. They bloomed for a long time.—Mrs. H. Taupner, Cuyahoga Co., O., Oct. 16, 1813.

Co., Oc. 16, 1913.

CANTERBURY BELLS.—Mr. Park: My Canterbury Bells from your seeds were grand. I had five different shades. The first flower opened June 9th; they bloomed all summer. Even today (Oct. 16th) I noticed several nice blooms. My bed was the wonder of all who saw it. None who buy seeds of your Canterbury Bells will lament for the money and time expended.—Mrs. Jacob Karn, Morris Co., N. J., Oct. 15, 1913.

CARNATION.—Mr. Park: My Vanguard Carnations were beautiful. Out of one packet I got 31 nice plants—the flowers yellow, white, orange and yellow, and one nearly cerise. All who planted your seeds here were well satisfied, and you may be sure of my order next spring.—Cyrii Cyr,

cerise. All who planted your seeds here were well satisfied, and you may be sure of my order next spring.—Cyrii Cyr, Essex Co., Mass., Dec. 2, 1913.

DIGITALIS.—Mr. Park: I have a row of your Digitalis or Forglove, and they are the loveliest wary bells I ever saw. I am delighted with them.—Miss Anna Long, Neb., Oct.2,1,1913.

HIBISCUS.—The hybrid "Crimson-eve" Hibiscus I raised from seeds makes a beautiful hedge. It improves in beauty every year. It is the admiration of all who see it, and the pride of my garden. Try some and you will be rewarded to the fullest extent.—Mrs, Thos. Culshaw, Lyon Co., Minn., Nov. 10, 1913. Nov. 10, 1913.

flowering hardy Carnations, sold under the name of Vanguard, bloom the first season, and the flowers are very double, of many rich colors, and deliciously scented. The new Giant Bellis or Daisy, so easily grown from seeds, and so hardy and tenacious when once started, is a great improvement upon the old sort, the flowers being two inches across, and produced from early spring until late autumn. Arabis Alpina, which blooms early in spring, should be better known. It is a fine wall plant, and lasts well. Canterbury Bell, though a biennial when allowed to bloom freely, is a grand garden flower. The plants branch and become tree-like, covered with lovely, showy, waxy bells of the most exquisite colors. They thrive in any sandy, well-drained soil in a sunny situation. Gaillardia grandifiora blooms freely from spring till late fall, and is an elegant plant for beds. The waving mass of long-stemmed, brilliant flowers always calls forth expressions of admiration. Myosotis dissitifora or Perennial Forgetme-not is a lasting and very pretty plant for a woist, shady place. Hibiscus calls forth expressions of admiration. Myosotis dissifilora or Perennial Forgetme-not is a lasting and very pretty plant for a woist, shady place. Hibiscus coccineus in its lovely hybrids, ranging from white to crimson, blooms continuously during summer, and makes a fine show, the flowers often measuring eight inches or more across. Plants are easily started from seeds, and perfectly hardy. Platycodon, a relative of Campanula, is a beautiful hardy perennial. Started early the plants bloom in autumn, and increase in size and beauty with age. Rudbeckia Sullivanti is a gorgeous autumn-blooming perennial that can also bloom the first season if started early. Erigeron, Pentstemon, Hollyhock and Wallflower also deserve special mention.

HOLLYHOCKS.—Mr. Park: Your annual Hollyhocks were fine. The plants grew fast, bloomed the first year, and all seemed to be different. I had the prettiest dark red double ones I ever saw, also pink and other colors.—Miss O. E. Bonner, Warren Oo, Tenn., Nov. 7, 1913.

E. Bonner, Warren Uo., Tenn., Nov. 7, 1913.

MYOSOTIS.—Mr. Park: I sowed the Myosotis palustris late in August in a shady location, and the plants were nice and clumpy, and stood the winter well. The lovely clusters of blue flowers appeared with the Pansies in early spring, and such beauties! They are "must haves" with me, and are as easily raised as any flower.—L. Adkinson, Cloud Co., Kas., Oct. 20, 1913.

RUDBECKIA.—Mr. Park: Rudbeckia Sullivanti, of which I have a large clump, was certainly beautiful I never saw anything so wonderful before. The golden flowers are fine for bouquets and other decorative purposes. My clump was grand, and those who saw it did not rest until they had planted some also.—Mrs. Thos. Culehaw Lyon Co.. Minn., Nov. 10, 1913.

Minn., Nov. 10, 1913.

SWEET WILLIAMS.—Mr. Park: Your Sweet Williams are gorgeous. I fertilized my plants well and did not let them crowd, and they are wonderful, three feet high, and a wealth of bloom. No garden should be without them.—EA. Casperson, Burlington Co., N. J., Oct. 10, 1913.

WALLFLOWER.—Mr. Park: The English Wallflower should be generally cultivated. Plants are easily raised from seeds, and will bloom in pote or beds. The flowers are very pretty, of various colors, and richly perfumed, the fragrance being not unlike that of a Rose.—Mrs. Carlile, Mercer Co., N. J., Oct. 22, 1913.

Among the choice things I offer this season are Primula malacoides, the elegant new pot Primrose for the window and conservatory. The plant forms a resette of beautiful foliage, from which many stems issue bearing a profusion of lovely flowers in whorls. which many atems issue bearing a profusion of lovely flowers in whorls. This seasily grown, and one of the finest of Primulas. If you grow it once you will not want to be without it. I also call your special attention to the Giant Primula obconica. This race was secured by crossing Primula obconica with Primula megasæfolia. The plants are of robust growth, and the flowers, freely produced, are both plain and fringed, and as large as the largest of Chinese Primulas bloom the first case of from the first agent from the first agent from the first agent from the first case of from the first cas ing in the richest and most varied colors. Both of these Primules bloom the first season from seeds. Another choice pot plant is the new French hybrid Gerbera Jamesonii. This was developed by Mr. Adnet, of France, and is a big improvement upon the old sort, the flowers being larger and showing various fine colors. My seeds are direct from Mr. Adnet. The plants are easily grown from seeds, and make a grand display in the window or conservatory. Again I ask attention to the new large-flowered race of Snapdragons. I sent out seeds of these splendid Snapdragons last season, and the flowers were a revelation to many persons on account of their size and charming tints and variegations. You should not fail to add this to your seed-order. The plants are suitable for either beds or pots. The new Star varieties of Brachycome or Swan River Daisy should be given a place in the garden. The plants grow and bloom freely, and the exquisite little flowers will give great pleasure. Try this superb little annual. For baskets and bracket pots Lobelia Hambergia and the new Kenilworth I vy will be found very desirable. You will be delighted with them. For a pot trellis get the new Myrtle-leaved Smilax and Thunbergia alata. The former is lasting and beautiful in foliage; the latter grows quickly and bears freely large, showy flowers. All of these flowers are easily grown from seeds, which I supply at 5 cts. pkt., or 4 pkts, 15 cts.

flowers. All of these flowers are easily grown from seeds, which I supply at 5 cts. pkt., or 4 pkts. 15 cts.

COLEUS.—Mr. Park: From your seeds I raised some of the loveliest Coleus plants I ever saw. It's the ideal way to get Coleus, for the plants are easily raised, and always clean and healthy.—Mrs. Ray Baker, Potter Co., Pa., Nov. 14, 1913.

PRINULA.—Mr. Park: I wish the floral friends could see my Primula obconica gigantea. I have red with dark center, salmon pink with green center, sulmon pink with green center, sulmon pink with green center, sulmon pink with green center. Some plain. I do not think a blossom on any of the plants some plain. I do not think a blossom on any of the plants sourced less than two inches. They surpass the Chinese Princess.—Mrs. J. E. Shaver, Rensesleet Co., N. V. Nov. 1 1913.

which I supply at b cts. pkt., or 4 pkts, lb cts.

KENILWORTH IVY.—M. Park: Your Kenilworth
Iyv is fine for a hanging basket or to carpet a Gladiolus bed,
It begins to bloom early, and blooms continuously. It is a
favorite plant,—Mrs. Smith. Kendall Co., Tex., 1913.

SNAPDRAGON.—Mr. Park: I wonder how many of
your floral family have tried your new Orchid-Rowering
Antirhinum or Snapdragon. J did, and i just wish your
Yellow, rose, purple, white, scriet, spotted, varietated—and
all sweet-scented, and so easy to raise. I believe were; 1903.

#### Seeds of New and Choice Flowers Omitted in Making Up This Catalogue.

Abutilon maximum, Benary's new giant-blooming Flow-ering Maple; plants compact, bear-ing very large flowers, mostly borne upright; many fine colors in mix-ture; 4 pkts 15 cts, 1 pkt 5 cts.

Every member of your club will be entitled to Park's Floral Magazine a year. My friend, will you not send me a good big club order this season?

Address GEO. W. PARK, La Park, Lancaster Co., Pa.

## Part I. Seedlings Blooming First Season.

#### Ageratum. Improved Large-flowered.

Complete Special Mixture, all varieties, 4 packets 10 cents, 1 packet 3 cents.

The new large-flowered varieties of Ageratum are superb plants for beds or borders. They are easily grown from seeds, begin to bloom early, bloom in wonderful profusion throughout the season, and the flowers are in big clusters, and of fine blue, white, pink, yellow, and variegated colors. They endure the hottest sun. The tall sorts are fine for beds, and the dwarf kinds are unsurpassed for edgings or baskets. They are much used in Europe for bedding designs.

Tall Sorts, Special Mixture, 4 pkts, 10c, 1 pkt. 3c. Complete Special Mixture, 4 pkts, 10c, 1 pkt. 3c. Mr. Park: "Your Ageratum is one of the very easiest flowers to grow I have ever tried, and I consider it one of the most dependable of bedders. I started the seedlings in a box and transplanted, and soon the tufty little blooms in many shades appeared and until hard frosts we gathered handfuls of them every day. The plants are stronger and bloom more freely as they get older.—Mrs. N. E. Allen, Mo.

## Antirrhinum, Snapdragon, Giant-flowering Fragrant.

Complete Special Mixture, All Colors, 4 packets 15 cents,

HE new Giant-flowered Snapdragons are a revelation of beauty. The flowers are more than twice as large as the old-fashioned varieties, come in a wonderful diversity of colors and tints and variegations, are borne in long spikes, are deliciously fragrant, and early-started seedlings bloom profusely from mid-summer till after frost. They are elegant for beds, as the plants grow and bloom freely and continuously even under adverse conditions, and are exceedingly effec-tive. The above engraving shows a circular bed of the different races, the tall varieties in the centre, the Semi-dwarf next, and the Dwarf or Tom Thumb sorts in the outer row, the margin being of Cerastium Biebersteini. The seeds germinate in about 10 days, and the plants are sturdy, free from disease, and easily transplanted. If seeds are not allowed to form the plants will keep up a rich display throughout the season, will endure the winter, and bloom freely the following year. Set the plants from six to nine inches apart, according to growth—the taller varieties, that grow three feet high, being set farthest apart. If plants are started in mid-summer and grown in pote they will bloom freely in the plant window throughout winter. Few seedling flowers possess such commendable merits as these New Improved Snapdragons, and I urge every one of my patrons to give them a trial. If omitted from your order you will be overlooking one of the most desirable of garden and pot flowers. My seeds are direct from the German originators, and unsurpassed.

-Last spring I sowed a packet of your lm-Mr. Fark:—Last spring I sowed a packet of your Improved Snapdragons and was agreeably surprised, as I hadgrown only the older kinds. I think every seed grew, and the plants soon began to bloom. Oh, such spikes of bloom, and such colors! And the vigorous, bushy plants continued blooming until after heavy frosts. They were just grand, and I shall never be without your Snapdragons again.—Mrs. W. E. Williams, Yakima Co., Wash., Nov. 5, 1913. Giant-flowered Tall Snapdragons.

Mr. Park:—What can be finer than your Giant Antirrhinums! They are so easy to grow, and so beautiful. I had all color and markings this year. I now have a lovely pink one with yellow throat blooming in the house. They will be my mainstay next year.—Mrs. Viola M. Wells, Lancaster Go. Neb., Oct. 27, 1913.

Althea Hybrida Semperflorus, fl. pl., the new Ever-blooming Double Annual Hollyhock. Sown in spring the plants will bloom in autumn. White. Rose, Cherry, Crimson, Blood Red, Purple, Black, Fringed, each 5 cents. All in Superb Special Mixture, 4 packets 15 cents, 1 packet 5 cents.

## Acacia Lophantha.

4 packets 10 cts., 1 packet 3 cts.

An elegant decorative plant either for pots in the window, or a sheltered nook in the yard or garden. The foliage is as delicate and handsome as a Fern. The plants are easily cared for, grow rapidly, and are always greatly admired. When we regard its beauty and easy culture it seems very strange that the plant is so rare. Soak the seeds for 24 hours in hot water before sowing. The seeds often lie dormant in the ground three or four weeks before germ-inating. Flowers globular, golden, sweet scented.

#### Abronia umbellata. Sand Verbena; flowers in clusters, rosy, Verbena-like; plant succulent, and thrives in sandy soil and a dry sunny bed; found native in sandy plains. Remove the husk before sowing. Set the plants a foot apart in the bed. Per packet 5 cents, 4

packets 15 cents.

Adonis Æstivalis and Autumnalis, fine-cut foliage, crimson, cupped flowers. Mixed, 5 cents a pkt.

Æthionema Buxbaumii, a pretty annual 6 inches high, erect, branching; flowers in fine clusters, paie red. 5 cents per pkt., 4 pkts, 15 cents.

Agrostemma cœli-rosa, pretty annual; 10 inches high; flowers white, pink, lilac, purple, plain and fringed; fine in masses. Mixture, 4 pkts. 10 cts., 1 pkt. 3 cts.

Amaranthus, handsome foliage and flowering plants of easy culture, always much brighter in sunshine, poor soil and a dry season. Fine for pots and beds. Amabilis tricolor,

rose, yellow and fiery red, very fine Bicolor ruber, carmine scarlet Caudatus, Love-lies-

bleeding, red Cruentus, Princess Feather, red Hybridus Brilliant.

## Alyssum, Sweet.

Special[Mixture, 4 pkts, 10 cts., 1 pkt. 3 cts.

Sweet Alyssum is a favorite little annual. be a ring continuously clusters of lovely white, very fragrant bloom in great abundance. Fine for garden edgings, also for pots and baskets. It blooms especially well in the late autumn, and is a flower loved by everyone. Little Gem, dwarf, erect. handsome White Carpet. trailing 3 Common Sweet, 25 ets.

an ounce Special Mixture, sorts, 4 pkts. 10 cts. all

Ambrosia Mexicana, an annual with pretty, deliciously scented foliage; valuable for bedding, and useful for bouquets. A great favorite with some on account of its pretty foliage and pleasing fragrance. Pkt5c.

Anchasa Capensis, ashowy, free-blooming plant, very easily raised, and bears very pretty azure blue flowers in abundance. hardy perennial, but plooms the first season; grows three feet high. Capensis, blue, 4 packets 15 cents. 1 packet, 5 cents. Italica, azure, 4 packets 15 cents, 1 packet 5 cents.

Dropmore, large blue, 4 pkts. 15 cts., 1 pkt. 5 cts. Anthemis Kelwayii, a handsome hardy

perennial, blooming first season; grows foot high, bearing a profusion of golden Daisy-like flowers; fine for a bed or group; very showy. 4 pkts. 15 cts., 1 pkt. 5 cts. Anagallis, known as Pimpernelle. Flowers

showy, distinct and very pretty, Suitable for gar-den or house culture; grows one foot high. Sanguinea Grandifiora cœ. rulea, blue Grandiflora lilacina, lilac Linifolia, flax-5 leaved

Fruiticosa, perennial, scarlet Special Mixture, 4 packets 10 cents. I packet 3 cents.

Anemone, St. Brigid, a large, Poppy-like flower, in red, white and blue colors. They need a sandy, well-drained soil, and make a beautiful bed. They are hardy as far north as New York. They bloom late in the fall and also early in the spring. Special mixture of all colors, per packet, 5 cts.

Arctotis, beautiful, large, bright flowers borne on plants a foot hight; they delight in a dry. sunny bed; very easily grown from seeds. Breviscapa, orange, 5 cts.; Grandis, lavender, 5 cts.; Mixed, 4 pkts. 10c, 1 pkt.3c.

Arnebia cornuta, a very pretty annual, 1 foot high; flowers gold, spotted brown, very attractive. 4 packets 10 cents, 1 packet 3 cents.

Argemone.hardy Mexican annuals; 2 feet; prickly foliage, large, showy flowers; likes dry, sandy soil. White, 5; Yellow, 5; Mixed, 4 packets 10 cts., 1 packet 3 cts.

Artemisia Annua, a tall, very showy foliage annual, the feathery sprays deliciously scented. Once introduced the plants are repro-duced every year from self-sown seeds. Often called Sweet Fern, on account of its pretty, scented foliage. Desirable for its Fern-like beauty and delicious fragrance in bouquet-mak-ing. This is often advertised by pub-lishers as a great novelty, to get sub-scriptions. 4 pkts. 10 cts., 1 pkt. 3 cts.

Asperula azurea setosa, a charming hardy annuai: 1 foot; globular: small, fragrant, blue flowers, in many clusters; blooms freely for several months. 4 packets 10 cents, 1 packet 3 cents.

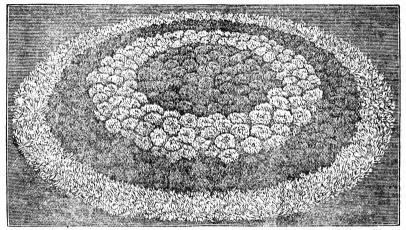

# Asier, Park's

Complete Special Mixture, 4 packets 10 cents, 1 packet 3 ce

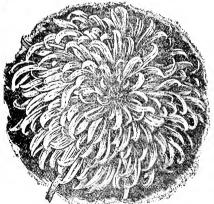

Few Flowers make a more attractive bed than Park's Bedding Aster. The plants grow a foot high, branch freely, and set six inches apart the bed becomes a gorgeous mass of large, perfectly double, richly colored bloom. A sunny exposure, deep, rich soil, and good cultivation until the buds appear will give good results. If the black Aster beetle comes sprinkle with water to which has been added fresh Hellebore, an ounce to three gallons of water. Colors, red, white and blue, with an edging of Sweet Alyssum, four packets, proportioned as to quantity, only 20 cents. Special mixture, four packets 10 cents, one packet 3 cents.

Mr. Park:—The Bedding Asters raised from seeds purchased from you were the admiration of the neighborhood. I think that every seed grew, and the flowers were very double and in a great variety of colors.—Mrs. C. A. Smith, Arapahoe Co., Color.

This Aster Bed.—I will supply seeds for this fine Aster bed to color—red, white and blue, with Alyssum edging, four packets, proportioned, for only 20 cents. Start the seeds in the spring, and when the plants are large enough transplant them six inches apart

BEDDING ASTERS.—Mr. Park: I have not failed to have a bed of your Asters for the last five years, and the display has been something grand. I sow the seeds in May and transplant when large enough, setting the plants a foot spart, in rich soil, and keeping well hoed. They slaweys do well.—Marietta Smith. Fairfield Co., Ct., Oct., Oct. 11, 1237.

NEW HOHENZOLLERN ASTER.

## Aster, New Hohenzollern

Mixture, 4 pkts. 15 Cts., 1 pkt. 5 Cts.

Standing at the head of the Aster list is the new Hohenzolserial state for the feather type, the plants growing two feet high and producing enormous flowers, five to seven inches across, with curied petals, double to the center, and of the richest and loveliest shades of color. For groups or beds that Aster is not surpassed, and for cutting it is the most admirable.

Even for pots many people prefer it. I heartily recommend it. My seeds are imported direct from the German originator of this fine Aster, and cannot be excelled. The mixture I offer is specially prepared and contains all the colors proportioned.

Pure White 5 | Rose Dark Blue 5 | Peach Blossom Bark Butes

Brilliant Rose. 5 Rosy Lilac.

Azure Blue. 5 Deep Lilac.

Crown Prince, carmine. 5 Silvery Lilac. Special Mixture, all sorts, 4 packets 15 cts., 1 packet 5 cts.

Aster, Early Hohenzollern Mixture, 4 pkts, 15 Cts., 1 pkt. 5 Cts.

Like the above, the early Hohenzollern has very large, fluffy flowers in a great variety of colors, but blooms at least two weeks earlier. It is fine for either pots or beds. Pure White. 5 | Azure Blue. 5 | Andsome. 5 | Andsome

Special mixture, all sorts, 4 pkts, 15 cts. 1pkt. 5 cts.

Mr. Park:—I sowed the seeds of your Hohenzollern Asterain a box, and set the plants out when large enough. I watered the plants during dry weather, and I want to tell you I never saw anything to beat my Aster bed. The neighbor women simdly raved over the gorgeous display. I have raised several kinds, and have all the fine colors. I never have any trouble with Asters—O. E. Smith, Miami Co., Ohio.

Mr. Park: -Your Hohenzollern Asters are beautiful. I plant a packet of them every year, as they are so easy to raise, and require so little work. When in bloom they are just lovely. I got many colors from one packet of seeds, -Miss Annie Heath, Ashland, Va., Nov. 15.

Aster, Crego Giant—This variety grows two feet or more high, bearing freely very large, full-double comet-long, firm stems, and are prized for cutting. It is largely grown by florists who raise cut flowers for designs and market. Finest mixture, 4 packets 15 cents, 1 packet 5 cents.

## Aster, Giant Victoria.

Special Mixture, 4 pkts 15 cts, 1 pkt 5 cts.

Victoria Aster, long con-sidered one of the finest of Double Asters, has been greatly improved. and I now offer the giant varieties in all the fine col-ors. The plants grow two feet tall, branch freely, and bear flowers of the largest size, often five or siz inches a cross. When in bloom, in September, they are the most showy of garden flowers, and al-ways call forth enthusiastic expressions of admira-tion. The colors are very rich, and break into innumerable lovely shades, while some varieties exhibit the most eaquitant and striking vathe most exquisite riegations. The seeds I offer are of the best strain. carefully saved by German specialists; and my special mixture is very carefully prepared from all the vari-I feel aseties sured they will delight all who sow them.

#### CAMELLIA-FLOWERED BALSAM. Carnation Striped, double, mixed, 4 pkts 10c, 1 pkt

## Park's Fine Double Balsams.

Complete Special Mixture, 4 pkts 10 cts, 1 pkt 3 cts.

Few Garden Annuals equal the Double Balsam in beauty of foliage and flowers, and few are of easier cultivation. The seeds quickly germinate and the plants begin to bloom when quite small. The flowers are very double, waxy in texture, and of many shades and variegations. The seeds I offer are of the finest quality and sure to please.

#### Park's Camellia-flowered.

This class is the most desirable of the many Balams offered, and cannot be surpassed. The flowers This class is the most desirable of the many Bal-sams offered, and cannot be surpassed. The flowers are very large, double, and as beautiful as a rose, while they are of fine texture and surpass in color and variegation. Plants grow two teet high, and if pruned when small they will develop in tree form. Pure White. 5 Lilac ... Eliac ... Eliac

Camellia-flowered, Special Mixture, 4 pkts 15 cents.

Plant of Balsam

1 pkt 5 cents.

Mr. Park: From a packet of your Double Camellia-flowered Balsams I raised some of the sams I raised some of the lurgest and most beautiful Baisams I ever saw. The flowers were as double as roses, of a waxy texture, and came in at least fifteen different shades and colors. The plants are showy, and of the easiest culture. Stella Prost, Paris, Ark., Oct. 27, 1918.

Dish of Double-flowered Balsams.

#### Other Fine Varieties of Balsam.

Aurea, a lovely golden-flow-ered California annual flowers cup-shaped, shining with a very rich luster. The plants grow a rich luster. The plants grow a foothigh. Start early, and mulch during the summer, to keep the soil cool. 4 pkts 10 cts. 1 pkt3 cts.

potherb with deliciously scent-

Basil, Sweet, a fine

BASIL, SWEET

ed foliage. 4 pkts 10c, 1 pkt 3c. Bellis perennis, English Daisy .- I offer only the Giant-flowered or Monstrosa varieties, as they are much the finest. Very double, 2 to 3 inches across, borne continuously. Giant Red, Giant White with red center, each, 5 cts. Mixed, 4 pkts 15 cts, 1 pkt 5c.

Mr. Park: I was much pleased with your Giant Bellis or English Dalsy. The flowers were perfectly double and very large. Seedling plants bloom the first ceison, endure the winter, and begin to bloom with the Pansies in early spring.—Mrs. Edw. Tilburg, Allenwood, Pa., Oct. 11, 1913. arly spring.

Brackycome, Swan River Daisy, a lovely

little annual, showy grace-ful and very pretty. Plants grow 10 inches high, bear-ing a profusion of Cine-raria-like flowers an inch across, and of rich colors; easily grown from seeds. The new Star varieties are rare and exceedingly handsome. Blue Star, White Star, Rose, Violet, Bicolor, each 5c, all mixed, 4 pkts 10c, 1 pkt 3c.

Bidens, showy, half-hardy perennial; blooms

first season; Cosmos-like flowers; fine for cutting. Hardy in the South. Grandiffora, yel. 5c. Humulus, yel. 5c. Black Prince, 'the Black Dahlia,' 5c. Black Prince, "the Black Dahlia," 5c. Atrosanguinea hybrida, a charming

new race, with lovely single flowers in many rich colors; carmine, purple-red, black, pink, purple, red striped; splendid; mixed, 4 pkts 15 cts, 1 pkt 5 cts.

Browallia. verviree-blooming and pretty annuals for either garden beds or window pots. Plants are bushy, a foot high, and are perpetual blooming. All are of easy culture; ex-cellent for winter-blooming in pots. Blue, White, Pur-Dwarf Blue,

each 5 cents.

Speciosa, large, rich blue, 5 cents. Roezli, large, lavender, 5 cents. Special mixture

all sorts, 4 pkts 15 cents, 1 pkt5 cents. The last two are particularly showy in pots in the house and sure to bloom.

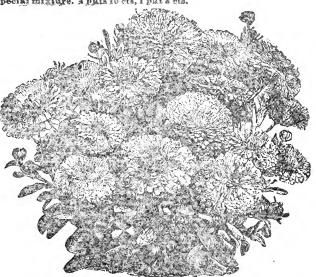

#### Calendula Grandiflora. Special mixture. 4 phis 10 cts, 1 pht 3 cts.

The New, Large-flowered varieties of Calendula or Pot Marigold should have a place in every garden. The plants bloom freely and continuously, and in autumn, after most of the annuals have succumbed to Jack Frost, a row of these Marigolds in their gorgeous rellow hues is very attractive, rivaling the Annual Chrysanthemums. Grown in pots they are fine for blooming in a cool window during the early part of winter.

growing a foot high, surmounted by tufts of small, showy flowers. Once started, plants appear every season. It is sometimes erron-eously called "Sweet William" on account of a resemblance to the true Sweet William.

White and Rose each 5 cts. Mixed, 4 pkts 10 cts, 1 pkt 3 cts.

## anna--New Gladiolus-Flowered.

The old Indian Shot, Cana Indica, was introduced from India in 1750, and dur-ing the present century dozens of species have come from South America and the West Indies. The best of these were used by a French florist in originating a new and improved class, the varieties of which are the most gorgeous and stately bedding plants in cultivation. The foliage is massive and tropical in growth, and the flowers of the most brilliant colors surmount it in great plume-like

heads. I offer seeds in mixture of all the finest named varieties, yellow, scarlet and crimson, margined and spotted, and those who wish seeds of a superior quality will find these just what they want. They are all fresh and gen-They are all tresh and genuine, not adulterated with the older sorts, and will produce the finest large flowered plants. No flower with which I am acquainted will give better satisfaction or greater pleasure than

these Cannas, and I therefore urge their culture.

Scarlet ... 5 | White ... 5 | Yellow ... 5 | Crimson ... 5 | Variegated ... 5 | Foliage-striped 5 | Special mixture of all colors, 4 pkts 15 cts, 1 pkt 5 cts. Special mixture of all colors, 4 pkts lb its, 1 pkt b cts. The New Cannas.—There is no disputing the utility of these Cannas. They are undoubtedly splendid acquisitions, and rapidly superseding the tall kinds once grown largely in gardens. They are good conservatory plants, being quite at home when assorted with Palms and Ferns. The newer kinds are remarkably fine flowers, the segments broad and finely colored, the outcome of patient

broad and finely colored, the outcome of patient work on the part of M. Crozy.—English Garden.

Mr. Park:—Those who want something to bloom all summer and be of little trouble should raise your Cannas. They are very beautiful.—Mrs.O.A. Woods, Beaver. W. Va., Aug. 7. 1399.

Mr. Park:—From a packet of seven seeds of your Cannas, I obtained seven fine plants and gave away three. Their flowers are the handsomest I ever saw.—Mrs. J. A. Cox., Newark, Ohio, Sept. 15, 1399.

Mr. Park:—Let the conta worth of Canna seeds of

Mr. Park.—I got ten cents worth of Canna seeds of you last spring. I filed the shells and soaked them over night in water, and had twenty-two nice plants. They are so easy to raise from seeds. I never think of saving the roots, as they are so hard to keep over winter.—E. H., Forest Co., Pa.

## Capsicum-Ornamental Peppers.

Special Mixture, 4 packets 10 cents, 1 packet 3 cents. The various forms and colors of Capsicum or Pepper are be

coming popular as ornamental plants. The plants are so easily grown either in beds or pots, and the fruits are so varied, attractive and persistent that their culture affords a great deal of

pleasure. In the garden they make a showy border or hedge or screen, and in pots they can be placed in the window, where they never fall to attract much admiration and praise. The large, sweet varieties are useful for stuffing with vegetables to large, sweet varieties are useful for stuffing with vegetables to use upon the table as a relish. The Cayenne sorts are destrable for flavoring and for birds, and the Cluster, Cherry, Tom Thumb, Prince of Wales, Kaleidoscope and Little Gem are especially valuable for pots for room decoration.

I offer the following splendid varieties:

Mr. Park—I have been buying seeds of you for more than twenty-five years, and in that time have found that Park's seeds are uniformly good and always as represented. I always recommend Park's seeds whenever I have the opportunity of doing so, and have succeeded in getting others to send, and thereby becoming life-long friends of Park and his seeds.—

Mrs. M. M. McKean, San Diego, California.

## Dahlias---Single-Flowered and Double-Flowered.

Complete Special Mixture. 4 packets 15 cents, 1 packet 5 cents.

Dahlias are as easily raised from seeds as Zinnias, and bloom almost as early. From a choice strain many plants will produce flowers of superior merit. Formerly the Double Dahlias were the only kinds grown, but the new Single-flowered varieties are now very popular, being graceful, free-blooming and showy. Seeds of Double Dahlias are sparsely produced, and consequently high in price Roots of all may be preserved and used the next season next season

Single Dahlias.

Complete Special Mixture, all varieties; seeds of the finest quality, 4 packets 15 cents, 1 packet 5 cents.

Mr. Park:—The Japan Pinks I raised from your seeds are fine, so many colors and shades and both single and double. Some are the richest in color I have ever seen. They began blooming early in summer and have been in bloom ever since. I have had good success with all your seeds. I shall send to you for all my seeds and bubs in the future.—Mrs. W. L. Miller, Coon Rapids, Iowa, Aug. 4, 1909.

Mr. Park: —I have had such good success raising Dianthus Chinensis

Dianters, New Fringed.

from your seeds. My bed is a mass of bloom, and such lovely colors. I would advise all flower lovers to try them. Mine are simply grand —Mrs. John Beegly, Ashland, Ohio, Aug. 3, 1969.

## **Dimorphotheca Aurantiaca**, New African Daisy.

PLANT OF DIMUKEROLD

Mr. Park:—The New African Daisy, Dimorphotheca Aurantiaca, seeds of which you sent me has proved very satisfactory. The plants bloomed all summer and are still full of buds. It will be one of my must-haves.—Josie Files, Waterville, Me., Sept. 8, 1899.

Mr. Park:—I had three seeds of this new flower and such a lot of bloom! The flowers were large, from two to two and a half inches across. Everyone, wated to know their name.—Mrs. L. S. Brainum, Galena, Kans., Sept. 15, 1909.

I believe this New African Daisy to be the most beautiful and distinct novelty introduced for many years. It is a flower for the people, and will in time become as popular as a Marigold or Zinnia. No flower with which I am acquainted has such a rich golden color in masses. It cannot but attract attention and admiration wherever seen. My friends, you might as well get this new Daisy this season, as you will want it later if you do not get it now. It will certainly please you.

Last year I sent out many thousands of packets of the New African Daisy, and from what I can learn it gave great satisfaction, as the testimonials here published show. I found this novelty in Germany, where it made a glorious bed—a veritable sheet of gold, beautiful beyond description. Each plant becomes a branching clump, a foot high, and each branch is tipped with the bright golden daisies, which are produced freely and continuously all the season. I offer it again with confidence and advise all of my patrons to again with confidence, and advise all of my patrons to add it to their order. See engraving.

Price, 4 packets 25 cents, 1 packet 8 cents.

Mr. Park: Last spring I plented one packet of you New African Daisy, Dimorphotheca Aurantiaca, and I believe every seed came up. I gave the plants no care, as the fifth baby came to stay with us, but they have grown and bloomed continually, in spite of neglect and heavy frosts, and have made a bright golden spot in the front lawn. They are still blooming, Oct. 10th. Nothings could be brighter than its orange. Daisy-like bloshed with the still below the still

FLOWER OF DIMORPHOTHECA.

#### Erysimum. New

Price, 4 packets 10 cents, 1 packet 3 cents.

The New Bedding Erysimum is a variety of E. Arkansanum, and is a hardy annual, ten inches high, dense and bushy, each branch terminated by a cluster of rich golden, Wallflower-like blooms, dazzling the eye with its golden display, and filling the garden air with its delicious fragrance. Seeds may be sown in fall or early spring, in rows eight inches apart, and thinned to six inches apart in the rows. It is a near relative of the Wallflower, and the finest of Erysimums. 4 packets 10 cents. 1 packet 3 cents. 1 also suppy E. Perofskianum and E. Pulchelium at the same price.

Echium plantagineum, doubtless the finest of Echiums, its showy, rich purplish violet flowers appearing in long, slender wreaths that rise erect from a tuft of broad leaves; a member of the Forget.

me-not Order (Borraginaceæ), elegant as a garden Bower and useful for bee pasture, 4 pkts 10c, 1 pkt 3c, Erodium, known as Stork's Bill; allied to Geranium, and bears showy flowers in clusters; Gruinum

5 cts, Manescavii, red, violet, fine, 5 cts, mixed 4 pkts 10 cts, 1 pkt 3 cts. Elsholtziz evistain. a very sweet-scented little lilac-colored flower, good for bee pasture, 5 ets per packet.

Ennueumanthe Pendulfibera, a little annual with drooping

golden-yellow flowers, 5 cents per packet.

Erythrese linarifolia, a very neat little plant of the Gentian family; likes moist soil. 5 cents per packet.

#### Eschscholfzia. ERYSIMUM.

This is the beautiful California Poppy, which covers the hills in sections of that state with a shining mass of golden color in early spring. The plants have lovely, fine-cut, silvergreen foliage, and large, showy flowers in great protusion. where the plants are to bloom, and thin to six inches apart.

For Growing among shrubbery and for screens, or backgrounds, Sunflowers are very desirable. The placts are robust, and the flowers very large, cheerful and attractive. Sow the seeds early, where the plants are to bloom, or sow in a garden bed and transplant. Everybody should cultivate a few of these magnificent plants.

Bismarchianus, the Tree Sunflower; bears many large single flowers; seeds fine for chickens, Ounce 10 cts. 1 packet

Primrose-colored, sulphur vellow 

mous flowers, double to the centre;

very showy. See Eng. Finest strains. 5 Lenticularis, very talt and showy... 5 Uniforus, tall bearing singleflowers 5 Nanus fl. pl., dwarf, very large double flowers; handsomo Nanus folis Variegatus, beauti-

fully blotched toliage. u cum erifolius, small flowered.

Veltow, superbounded from Stella, fine varieties, each 5 New varieties of Cucumerifolius, m. 5 New varieties of Cucumerifolius, m. 5 Complete Special Mixture of all varieties, 4 packets 10 cents, 1 packet 3

Mr. Park:—I have some plants of Helianthus six feet high from your seeds. The blossoms are very double and measure from seven to nine inches across. I have also some dwarf plants bearing beautiful double and fringed flowers.—Mrs. E. E. Brooks, Brookline, Mass., September 15, 1809.

#### Hidiscus---Mallow.

Special Mixture, 4 pkts 10 cts, 1 pkt 3 cts.

Annual and perennial flowers de-serving of garden culture. H. Primrose-flowered has enormous flowers, of a lovely Primrose-color, and the

plants will grow seven feet high, branching, and bearing many fine flowers. H. Africanus is an annual a foot tall, with pale yellow flow ers with dark eye. Either kind 3 cents per packet.

Complete Special Mixture, 4 pkts 10 cents, 1 pkt 3 cents. Complete Special Mixture, \* Pars 10 cents, I pas 2 cents. Mr. Park:—Last spring I planted one 3-cent packet of your Primrose Hibisons and raised four plants which grew from aix to eight feet high, and were loaded with large, beautiful flowers.—Ellenora Hicks, Lilydale. Indiana.

#### Hunnemannia Fumariaefolia.

This is a beautiful Mexican perennial, the flowers orange, shaped like Eschscholtzia, and very freely produced. The plants grow two feet high, and like a sunny, warm

bed. The plant be-longs to the Poppy family, and the flowers remain a long time in bloom. The plants bloom the first season, and should be started early. They will tast for several year

years if properly protected. 4 pkts 15 cents, 1 pkt 5 cents.

Mebenstreitia comosa, the African Mignonette; flowers white in spikes, pretty and fragrant. Reproduces from selfsown seeds. 4 pkts 15 cts. 1 pkt 5 cts.

Ice Plant, a species of Mesembrianthemum, succulent, and covered all over with ice-like protuberances; it is very handsome for pots or baskets, and likes the sun. packets 10 cents,

one packet 3 cents. Theris. (Candytuft), very pretty

little annuals, grow ing a foot high; the flowers are borne in clusters and are very showy White. Lilac, Carmine, etc. Special Mixture of all varieties. Four packets 10 cents, 1 packet 3 cents.

flowers. Sow by the pathway, or steps or rocks. 4 pkts 10 cents, 1 pkt 3 cents. Kochia scoparia, the Belvidere

Jonopsidium Acaule, Diamond

Flower, a little flower

for carpeting pots or beds, a plant of low

growth and bearing

a profusion of very

bright little violet

Cypress; a dense, symmetrical annual, green in summer. and showy red in autumn; makes a fine hedge, and appears very well as a specimen plant. Two feet high, 4 pkts 10 cts, 1 pkt 3 cts.

#### Impatiens. African Balsam Special Mixture, 4 pkts 10 cts, 1 pkt 3 cts.

The new Atrican Baisams are very handsome wax-like

flowers in clusters, of many colors and perpet-ually in bloom. They are lovely pot plants for winter or summer blooming, and solendid bedding plants in a partially shaded and moist bed. Few plants are more attractive or free-bloom-

ing, and I most heartily recommend them.

hos, and I most nearthy recommend the state of the state Violacea, dark violet.... 5 | Queen Carola, chamols. 5 | Special Mixture, all sorts, 4 pkts 10 cts, 1 pkt ................... 3

Impatiens glandulifera, an annual six feet high, bearing clusters of showy rose and white flowers, fine for a group, or for growing among shrubbery. 4 packets 10 cents, 1 packet 3 cents.

Mr. Park:—I have always been very successful in raising Impatiens Sultani and Impatiens Holsti from your seeds. Planted early in pots in the house, and transplanted when the weather is warm to a large pot or tub, they make very showy plants for the lawn or for a low hedge when set in the ground.—Mrs. J. L. Johnson, Norwich, Conn., Aug. 3, 1909.

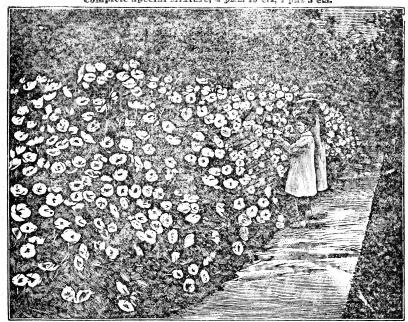

Kaulfussia amelloides, annuals with very handsome blue, rose and violet ficwers; easily grown from seeds; splendid in garden beds, and for cutting they cannot be surpassed. Each col-

or 5 cts. Mixed, 4 pkts 10 cts,1 pkt 3 cts. Kenilworth Ivy. a handsome

trailing peren-nial, blooming nial, blooming the first season; grows in dense shade, and is a lovely carpet for had not or a a bed, pot or a basket in a shady place. Mixed, 4 pkts 10 cts, 1 pkt 3 cts.

Complete Special Mixture, 4 phis 15 cfr, 1 phi 5 cfr.

These are beautiful Hollyhock-like annuals, growing two feet high, and covered with large, show, delicate-textured flowers throughout the season. Give the plants a warm, situation and moderately good soll, and you will be delighted with this superb annual. It is of very easy culture. White 5 cents; Rose 5 cents. Mixed, 5 cts.
Mr. Park:—In the spring I bought a packet of your Lavatera Trimestris seeds. The plants have been in bloom for some time and are very pretty, the flowers being large and of such lovely shades of color.—Ratie Rader, Yanwert, O., Aug. 14, '09.

### Layia Elegans.

This is a beautiful, freeblooming annual growing a foot high, and becoming a mass of elegant goiden bloom edged with white. The flowers are Daisy-like, and last for a long

time. I can also supply a variety with pure white flowers. Either sort, 5 cents per packet; Com-

Mixture of all varieties, 4 packets 15 cents, 1 packet 5 cents

## Leptosiphon.

Handsome dwarf California annuals, forming tufts of foliage smothered with very attractive littleflowers, andmake an elegant bed.

Complete Special Mixture, Tall and Dwarf, all colors.

4 packets 10 cents. 1 packet 3 cents.

Mr. Park:—I want all my old-fashioned sisters to try a hedge of Four O'clocks. I have a hedge that is very much admired. The flowers are beautiful in early morn, and their fragrance is delicious.—M.L. Warren, Ken. Co., Mo., Sept. 17. 199

# Myosotis---Forget-me-not.

For many years the lovely flowers of the Forget-me-not have been very highly prized. The plants are dwarf in habit, very freeblooming, and of easy culture. If the seeds are sown in early autumn the plants will bloom beautifully in the cool spring weather. They like moisture and a cool atmosphere. Started in the spring the plants bloom in autumn. The vaplants bloom in autumn. The varieties of Victoria (see larger engraving) are all very beautiful, and fine for pot culture as well as the shady garden. I offer all of the finest varieties known, and my complete special mixture is unsurnasssed

Alpestris grandiflora, blue, white, rose, each.....

Grandiflora, royal blue, 1030 Elegantissima, blue, white, rose, each...

Victoria, white, rose, blue, ca 5

Azorica, blue, white, azure.. 5 Dissitiflora Perfec, blue, wh't 5 Hybrida Loving Star, blue .. 5 

Mr. Park:—I sowed your Moysotis seeds last July, and have had such beauties this year—pink, blue and white, and they spread and bloomed all summer. I never succeeded with Forget-me-nots till I got your seeds.—C.M. J., Montclair Oo., Mich.

#### Nemesia.

These are very free, continuousblooming plants, elegant for either beds or pots. The new Strumosa hybrids rival Phlox; flowers lovely in form, rich in color. Easily raised from seeds; beautiful and showy. Floribunda, white ...... 5 Compacta, white, blue, mixed... 5 Versicolor, blue, lilac and white 5

Strumosa carmine...

Strimosa carimine

Orange, handsome

Tigred and spotted

Nana Compacta, rich, dwarf.

Complete Special Mixture, 4 pkts 10 cts. 1 pkt 3 cts. Mr. Park:—My Nemesias from your seeds bloomed early—white, blue, blue and white, and later the large blue Strumosa hybrids, best of all, one spotted like a Gloxinia.—JColburn, Lake City, Mo., Aug. 3, 1909.

Nemophila, charm-

ing little annuals, free-blooming and beautiful. Flowers of exquisite color and texture. Crambeoides, mixed...... 5 Discoidalis, mixed ...... 5 Insignis, mixed . . . . . 5 Holborn Blue Bell . . . . 5

Complete Special Mixture. 4 pkts 10 cts, 1 pkt 3 cts.

White, blue, violet, lacinitation of the conterned each 5 ex. Special rich-colored, Convolvulus-like flowers. mixture, all sorts, 4 pkts 10 cts, 1 pkt 3 cts.

Nycterinia, a dwarf tuftlike annual with large clusters of very richly scented flowers.

Selaginoides .. 5 | Capensis.... 5 Mr. Park:—I have found Nycterina one of the most satisfactory annuals I have ever grown, chaste, delicate and beautiful.—A. L. Truax, Day Co., S. D.

Obeliscaria pulcherrima, a very handsome composite, with cone-like centre and golden drooping rays—a sort of Rudbeckia. They are very easily grown, and very odd. 4 pkts 10 cts. 1 pkt 3 cts.

Oxyura Chrysanthemoides 11/2 feet; handsome yellow-flowered composite annual from California; 5 cents.

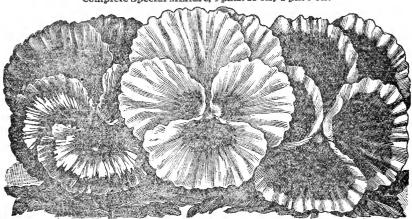

OBELISCARIA. Enothera, Evening Primrose, splendid annuals, biennials and perennials. Sow in autumn or spring, where plants are to bloom. Flowers cup-shaped, mostly a fine Primrose yellow. Dwarf white, Frazeri, Macrantha, Missouriensis, Lamarckiana, Rosea, Johnsonii, each 5 cents. Special mixture, 4 pkts 10 cts, 1 pkt 3 cts.

Oxalis, low plants with clover-like foliage and clusters of very pretty flow-ers; fine for edgings, baskets and grounders; me for egings, basets and ground-work. Floribunda alba, F. rosea, Rosea alba, R. delicata. Tropæoloides, Valdivi-ana mixed. Sensitiva Each 5 cents. O. Tro-pæoloides has brown foliage—a fine low background for bedding designs. Special mixture, 4 pkts 15 cts, 1 pkt 5 cts.

# Pansy, Roemer's Giant Prize.

Complete Special Mixture, 4 pkts. 15 cts, 1 pkt 5 cts.

IHE PANSY is the most popular of garden flowers, and justly deserves its popularity. flower blooms earlier, or more freely and continuously, and none is more delicate in texture, rich and varied in color, or more pleasing and attractive. A bed of well-grown plants in bloom is gorgeous, and always enthusiastically admired. It rivals the Tulip bed in the spring, and blooms freely till July, then continuously, though less freely till winter. The strain I offer is unsurpassed, the plants being robust, the flowers of enormous size, and the colors of wonderful variety and beauty. I offer mixtures carefully prepared as described below. The 10 packets (one packet of each mixture), including also Park's Floral Magazine for three years, for only 25 cents.

White, embracing pure white with eye, white slightly shaded and tinted, white with spots, etc., 4 pkts 

purplish black ...

ors, with blotches and spots showing in peculiar and striking contrast marvelous in size, form and odd markings

Striped, embracing a great variety of colors, all very distinctly striped, flaked and splashed; they cannot be excelled in beauty and showiness.. 5 Shaded, embracing all the leading

colors margined, shaded and rayed in superb and charming contrast;

ultramarine and lavender blue, very strikingly marked and tinted 5 Mixed, embracing a variety of su-perb shades and markings not included in the above offerings, as plain and fancy faces of orange, bronze, peacock, lilac, violet, etc.; rare and beautiful varieties mixed 5

GIANT TRIMARDEAU PANSIES, Separate Varieties.

凯

Mr. Park:—My Pansy bed this year was lovely. Some flowers were quite large, and there was a great variety of colors. The seeds were sown in May, and by July some were in bloom.—Mrs. C. Faes, Madison Co., Neb., Oct. 20, 1911.

Mr. Park:—From a 5-cent package of your Giant Pansy seeds I had a lovely bed of flowers, all colors, and such large flowers.—Mrs. Clara Compo. Jetlerson Co., N. Y., Oct. 18, 1911.

Mr. Park:—I sent to you and got a 25-cent collection of Roemer's Giant Pansies, and nlanted them in early fall. On Thanksgiving Day I had plants large enough to set in the open ground, and on the first of February they were in bloom, and bloomed until the last of August. They were much admired by all who saw them.—Miss Annie Heath, Hanover Co., Va., Mr. Park:—I wish you could see my Pansies. They were perfectly grand, and so many different colors, all from a 5-cent package of seeds I hought of you.—Jennie Ruscher, Oswego Co., N. Y., Oct. 24, 1911.

Mr. Park:—From one package of Roemer's Pansy seeds I have grown quite a number of plants, which have had very gratty flowers. My Pansy bed, from your seeds, is the most attractive part of my garden, and is always admired.—H. Luhn.

Mr. Park:—My Roemer's Giant Prize Pansies are certainly the prize—large, beautiful and constantly in bloom since early in May.—Mrs. C. E. Ludden, Pierce Co., Wash., Oct. 30, 1911.

PLEASE NOTE.—All of my Choice Pansies are included in my ten special mixtures, ten packets, offered above for 25 cents. The collection pleases everybody who gets it. And what is more, with this collection a three-years' subscription to Park's Floral Magazine is included. Why not add it to your seed order?

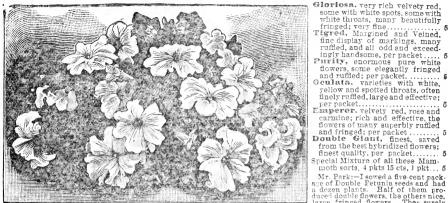

some with white spots, some with

ingly handsome, per packet. Purity, enormous pure white flowers, some elegantly fringed and ruffled; per packet.

finely ruffled, large and effective;

per packet....

I Offer the Finest Strain of Mammoth-flowered Petunias in Cultivation, the seeds saved only fringed. Plants and carefully hybridized. All the exquisite shades and colors, and the flowers both plain and fringed. Plants strong and very free-blooming. Following are my superb mixtures;

moth sorts, 4 pkts 15 cts, 1 pkt... 5

Mr. Park:—I sowed a five cent pack:
are of Double Petunia seeds and had
a dozen plants. Half of them produced double flowers, the others nice,
large fringed flowers. They surely
some were so large I gave them away as I could not keep them through the winter. This spring I bought large-frowered
single seeds, and I now have some of the largest flowers I ever sow, some almost white with a satiny shiny finish, some dark
and velvety, some pale pink, some blotched and striped, I admired them very much and think anyone can raise them.—
Mrs. L. H. Godfrey, Kansas City, Kans., Aug. 4, 1909.

Mr. Park:—I got a five-cent packet of your Bonble Patra.

Mr. Park:—I got a five-cent packet of your Double Petunia seeds and raised several plants. The flowers were certainly beautiful. They were as double as a Rose. One was pink, one white, the balance variegated.—Clara Humrick, Frank Co.,O.

Petunia Superbissima and Fimbriata, flowers of enormous size, ruffled edges; White, Blood-red, Yellow-throated, Dark Crimson Rose, Veined, Margined, White and Lilac, Crimson. Deep Carmine, Purple, Purple with White Throat, Rose and White, Purple margined White, Yellow Throated, each 5 cents; mixed, 4 pkts 15 cents, 1 pkt 5 cents. I can supply these colors in plain edged mammoth sorts, at same price.

## **Petunias** for Beds and Pots.

The Petunia, in its many varieties, is the best all 'round flower known for gen-

It is free-blooming, rich in color, fragmant and show, making a gorgeous display throughout the whole season, until after severe frosts. It is ever easily started from seeds, blooms arit, has no enemies, and rejoices in sunshine. It is alearly, Las no enemies, and rejoices in sunshine. It's almost perfect, and can be used for pots in the winter as well as for beds in the summer. I offer fresh seeds of the finest quality, and my mixtures are unsurpassed. For beds or pots I most freely recommend the following:

SPREADING VARIETIES. Adonis, carmine, white throat . Abla, white, often with dark throat

Belle Etoile, starred and bandsomely striped

te throat. 5 Carminea intus alba, carm, white throat
le, fine ... 5 Countess Ellesmere.rose, white throat

Carmen Sylva, violet, white throat. 5 Gen. Dodd, rich dark purple, fine . . 5 Howard's Star, distinct white star. 5 Inimitable, blotched and striped Intus Aurea, with vellow throat .... 5 Mermesina, rich crimson, very fine .... Reticulate, distinctly veired, beautiful. Marginata, margined with green

3 cents Spreading varieties in superb special mixture. 4 pkts 10 cepts, 1 pkt COMPACT VARIETIES.

with showy blue and white flowers: bloom all summer. Congesta, Grandiflora, Parryi, Tanacetifolia, each 5 cents. Special mix-ture, 4 pkts 10 cents, 1 pkt 3 cents.

Physalis, Ground Cherry. Freegrowing plants with

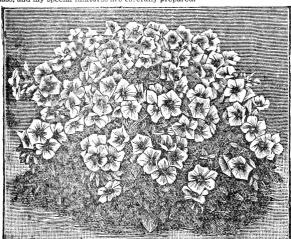

# Phlox Drummondii, Large-Flowered, Improved.

Complete Special Mixture, 4 pkts 15 cts. 1 pkt 5 cts.

The Improved races of Phlox Brunmondii are hardly surpassed by any other annual. The plants start quickly from seeds, are compact in growth, begin to bloom when small, and continue blooming till after frost. The flowers are graceful in form, bright and varied in color, and produced in large clusters. Set eight inches apart in a bed, the plants make a blaze of rich color throughout the summer. The dwarf, compact varieties are excellent for pots. The Grandiflora and Hortensiæfiora Phloxes are especially valuable for beds. Pinch off the first shoots that appear, and the plants will become compact and bushy, like the one shown in the engraving. My seeds of these flowers are first-class, and my special mixtures are carefully prepared.

SEMI-DOUBLE.—These bear semi-double flowers of the leading colors. Dark red.... 5 | Pure white... 5 | Bright scarlet., 5 | Pale yellow... 5 | Brown... 5 | Red.... 5 | Cinnabar... 5 | Mixed. 5

#### GRANDIFLORA SORTS.

#### CUSPIDATE and FRINGED.

The flowers of this class have cut and fringed petals, and are much prized: Alba, white... 5 Purpurea, purple... 5 Coccinea, scar 6 Salmonea, salmon. 5 Blue-marbled 5 Violacea ........ 5 Rosea..... 5 Mixed, 4 pkts 15 cts. 5

They are fine for pots or garden beds.

Mr. Park:—I planted a row of Phor Drummondii ear feet long and found I had all I could manage. I had but one packet of your seeds, but could have made the bed four feet square and had a much nicer display. They would not have been any prettier, however, for they were so large and of every color.—Mrs. Emma Isaacs, Saline Co., Kan., Oct. 10, 1903.

Mr. Park:—I find your Phlox Drummondii easily raised and very free-blooming. The plants will bloom continuously if not allowed to seed. The flowers are sweet-scented, very showy and of so many bright colors, and double and single.—Ruth A. Johnson, Glesgow. Kansas, Sept. 13. 1908.

#### Poppy, Annual.

The Annual Poppies are exceedingly showy and beautiful flowers, and all easily grown. Sow in early autumn or early spring, and thin the plants to

eight inches apart. I offer choice seeds of the finest varieties. Park's Giant, 3 feet, great fluffy, double flowers, in the following colors:

 
 Vhite

Patens, blue flowers, tuberous.
Farinacea, bright blue, white, each.
Saivia Sclarea, (Horminum), scarlet, white, violet, separate, 5 cts, mixed.
Coccinea nama compacta, an elegant 

Mr. Park:—Your Salvia Pendula is the finest I have ever seen. This is identical with "Drooping Spikes" that other seedsmen have been selling at very high, fancy prices. I procured Drooping Spikes, Clara Bedman, St. Louis, Burning Bush, and Bonfire, and grew them side by side, together with your Fendula, costing only 5 cents, and they are all identical, being an improved Salvia Spiendens. Our Salvia Pendula, bought of you, attracted great attention last summer. We planted our Cannas, half a dozen varieties, in the centre of a large circular bed. We surrounded them with a row of Salvia Pendula, and just outside of the Salvia we had a row of scarlet flowering dwarf Nasturtiums, I bought of you, and that large bed looked like a house burning down, minus the smoke. A city man who saw it, said he had seen nothing more strikingly beautiful in the great parks.—Dr. A. C. Williams, Hugo, Illinois.

#### Salpiglossis, New Emperor. Special Mixture, all colors, 4 pkts 15c, 1 pkt 5c

The New Emperor race of Salpiglossis is a great improvement on the old-fashioned kind, the plants being strong and stiff, and the flowers of great size, appearing in all the rich shades and colors, mostly beautifully penciled. The plants grow two to three feet high, branch freely, and beautifully showly flowers continuously and liberally throughout the season. I offer a superior strain of seeds, and my mixture is specially prepared from all the finest varieties.

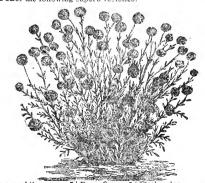

Brilliant crimson. 5 | Rich yellow 5 | Brown with gold. 5 |

Mr. Park:—Your Salpiglossis were grand, and pleased me greatly. I shall always recommend them to my flower-loving frinds.—Miss Inez Speer, Wash. Co., Pa., Dec. 10, 1909.

#### Scabiosa in Variety. Special Mixture, 4 pkts 15 cts, 1 pkt 5 ets.

The Improved Double-flowered Scabiosa atropurpurea The Improved Double-flowered Scabiosa atropurpures or Mourning Bride, is a splendid hardy annual, the flowers being of great size, very double, and embracing a wide range of colors from white through shades of red to black, as well as shades of blue or rich purple. The plants grow two feet high, bearing their lovely globular flowers on long, swaying stems. They bloom throughout the summer, and are truly beautiful. Seeds may be sown early in autumn or early in spring, Sown in early autumn the plants winter safety, and come into bloom early the next season. I offer the following superb varieties:

rure white ..... 5 

Rose, fine .. Flesh color .. Rose, fino , 5 | Flesh color . . . . 5 | Lilac, pretty 5 | King of Placks . . 5 | Purple ... 5 | Cherry and White 5 | Sulphur ... 5 | Purple and White . 5 | Pompadour 5 | Rosy Carmine ... 5

# Ten Weeks' Stock in Splendid Variety.

CBBVC

This Annual is almost perfect, being of easy culture, clothed with pretty foliage, and bearing long spikes of delicate, double flowers of handsome texture, having a delicious fragrance, and blooming throughout the season. There is hardly another garden flower with so many good qualities. The seeds I offer were saved from pot-grown plants, and can be depended whon for the finest flowers. Transplant the young plants carefully during moist, cloudy weather, giving rich soil and good after-culture. Fine for either beds or pots.

Complete Special Mixture of all colors, 4 packets 15 cents......

Omprese special mixture or all colors, 4 packets 10 cents.

Mr. Park:—Last spring I bought a five-cent packet of your mixed Ten Weeks Stock and have a fine lot of nice plants. The flowers are mostly double and of all colors, some white, pink and purple shades. They are very fragrant and easily grown from seeds. I have as satisfactory a bed of them as could be had from a more expensive packet. A double crimson one is almost exactly like a Crimson Rambler Ross in color and blossom and is more easily grown, besides being very fragrant.—Eitzs O. Smith, North Fitcher, M. Y., Aug. 1, 1909.

Mr. Park:—I wish the flower lovers could see my Ten Weeks' Stock grown from your seeds.

I planted each seed in an egg shell and transplanted when the weather was warm. I have one with six spikes of bloom. All are greatly admired.—Mrs. Levina Whittaker, Green Co., New York, August 17, 1999.

Trachelium, handsome plants of the Bellflower famlly: plants grow two feet high: leaves deeply cut; flowers small, blue or white, in great abundance. Either color 5 cents; mixed, 4 pkts 15 cents, 1 pkt 5 cents.

Trachymene, see Didiscus, page 20.
Trifolium suaveolens, the sweet-scented Italian Clover, a favorite annual, 1/2 foot high, with purplish, very fragrant flowers, pkt 5 cents.

# Tropaeolum, Tom Thumb.

For beds, pots or window boxes, few annuals are so useful as the Dwarf or Tom Thumb Tropæolums. The flowers are large and bright, and borne in great abund-ance the entire season. For beds the four finest are Yellow, Crimson, Scarlet and Aurora, Beds I saw of these at the seed gardens of Europe

at the seed gardens of Europe were beautiful. I offer them in bulk at 10 cts per ounce, or 1.25 per pound.

Yellow, Orimson, Scarlet, Aurora, White, Spotted, Rose, Oœruleum, Beauty, Lady Bird, King of Tom Thumbs. Yellow-follage, Golden King, Empress of India, Scheuerianum, each 5 cents; mixed 4 pkts 15 cts. 1 pkt 5 cts.

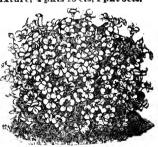

Mr. Park — I am successful with your Tom Thumb Tropæolum, and find great pleasure in them, and have taken several prises at County Fairs.—J.N. Williams, Broome Co., N. Y.

# Tropaeolum, Lilliput.

Special Mixture, 4 pkts 15 cts, 1 pkt 5cts.

A race of miniature Dwarf Nastur-tiums, beautiful in pots and for out-door edgings. I can supply the fol-lowing elegant colors:

Dark Purple 5 Snow Queen 5 Scarlet ..... 5 Spotted ..... 5 Sulphur with brown spots 5 Othello, al-most black. 5 Brick Red .. Crimson .... 5

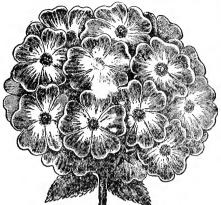

Princess May, Primrose yellow,

Mr. Park:—I have a bed of Tropzolums every year. but have never had anything to compare with what I raised from your seeds this season. There were so many lovely shades, and every day I had all the blossoms I could gather. They were the most beautiful Tropzolums I ever raised.—Ems. H. Jenne, Sullivan Co., N. H.

# Verbena, Large-Flowered Hybrids.

Complete Special Mixture, 4 pkts 15 cts, 1 pkt 5 cts.

Verbenas are well-known favorites. easily grown from seeds, the flowers appearing in elegant clusters, of many rich colors, and continuously produced from June till after frost. They are superb bedding plants, not only showy and beautiful, but emitting a fragrance that is truly delicious. The hybrid varieties I offer are very superior, and will yield the best results.

ets 15 cents, 1 packet 5 cents. Mammoth Verbenas.

# Hundreds of Thousands of Flower-loving Homes

are visited and made brighter and happier every month by Park's Floral Magazine, the oldest and most popular journal of its class in the world. It is entirely floral, freely illustrated, original and practical; keeps you posted upon the merits of flowers and successful methods of culture; tells you how to get rid of plant diseases and insects, and gives special information on garden and window culture. It is the flower-lover's own journal, answering floral queries, and helping to overcome all floral difficulties. Are you a subscriber? If not, why not? Only 10 cents a year, 25 cents for three years, 50 cents for six years. Or, see combination offers on Title Page of this Guide. I hope all of you, my friends, will subscribe. Please see your neighbors and get up a club. Address

GEO. W. PARK, La Park, Pa.

Mr. Park.—I have been a subscriber to your Magazine most of the time since the first publication, and have many back numbers. I never wanted one destroyed. I passed them along to others, if I didn't keep them. Hook for it with pleasure each month. It is the best publication of the kind that I have ever found. One can get more real knowledge of flowers from it than from any other source I know of.—Mrs. F. B. Colton, Hartford Co., Conn.

HOW TO REMIT.—Sums of \$1.00 or more send by draft, money order or registered letter. Smaller sums send in coin in a coin card or sew in a split pasteboard. Or, send in ordinary 1-cent green stamps. Ordinary stamps above the 2-cent denomination cannot be accepted. If sent they will be returned, as I cannot use them.

# Choice Ornamental Climbers.

Special Mixture of all varieties, 3 packets 25 cents, 1 packet 10 cents,

These are very useful for covering trellises and summer houses, for screening walls or potches, or hiding old fences or buildings. They quickly transform an unsightly object into a thing of beauty. Nothing makes a place more pleasing or home-like than the tasteful use of vines. Those I offer start readily from seeds, grow rapidly, and are beautiful and I heartily recommend them to my flower-loving friends

### Cardiospermum.

Hirsutum, a handsome, rare sort 5 Mixed, 4 pkts 15 cts, 1 pkt 5

Bryonopsis laciniosa, a lovely annual vine, the foliage handsomely cut and very pretty; in autumn it is thickly set with small ball-like variegated fruits in clusters. This is one of the most satisfactory of ornamental vines. It belongs to the Gourd family, is handsome and graceful in foliage. Grows 15 feet high, makes a lovely screen. 4 pkts 15c, 1 pkt 5c. feet

Cajophora lateritia, of ten catalogued as Loasa lateri-Flowers are large, orangered, borne upon twin stems, and freely produced in autumn. Treat as a half-hardy annual Furnish brush or wire support, as the vines branch and make a dense growth A good hedge-vine which says "hands off" by by its stinging hairs. 1 pkt 5 cts.

# Coboea Scandens.

4 pkts 15 cts, 1 pkt 5 cts.

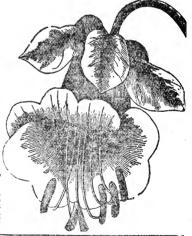

One of the most rapid and beautiful of climbers. It has graceful One of the most rapid and beautiful of climbers. It has graceria, bronze-green foliage and bears throughout the season an abundance of large, drooping, bell-shaped flowers, greenish white and rich reddish purple. In the South the vine is hardy, and will bloom for several years, when once established. The vines grow thirty feet high, and bloom continuously till frost.

Purple, large, handsome, nodding bells. See engraving.

White, not pure, but a greenish color

Mar. Park:—My Coboa Scandens Strom, One of the house, and ig seeds of them.—Mrs. H. Berry, and greatly admired by all who saw them.—Airs. J F Berry, and greatly admired by all who saw them.—Airs. J F Berry, and greatly admired by all who saw them.—Airs. J F Berry, and greatly admired. Many wanted me to save seeds for them.—Birs. H. Damon, Cath. Co., N. Y. Dec 8, 1985.

Mr. Park:—Last spring with other seeds. I received a packet of Coboa Scandens seeds. One plant from the seeds was planted on the north side Scanden seeds. One plant from the seeds was planted on the north side the porch, and above the door in the second story, and was covered with large bells. I ght and dark purple colored. # Sweet Pea, Improved, Large-flowered.

Complete Special Mixture, per lb. 90 cts., one-fourth lb. 25 cts., ounce, 10 cts., pkt. 5 cts.

If you grow but a half-dozen annuals, one of them should be the Sweet Pea. The vines are of easy culture, and bloom freely and continuously, while the flowers are showy, of exquisite texture, rich in color, delicious in fragrance, and produced in fine clusters on long, stiff stems. For rows or hedges they are beautiful, and scent the entire garden; for bouquets or personal adornment they are unequalled. half-inch deep; fill in with earth as the plants grow; when hot weather comes mulch with stable litter; cut freely to prevent seed formation, and to prolong blooming. Of late years the vines have been attacked by Aphis or green like in some localities. This pest can readily be avoided by placing tobacco stems on the ground along the rows. My mixtures are specially prepared of the finest sorts.

#### PARK'S SWEET PEA MIXTURES.

For some years past I have been putting up a collection that has become popular. Each packet contains about one-tenth of an ounce, and the ten packet embrace all the finest colors and varieties. I offer the entire collection, ten packets, together with Park's Floral Magazine a year, for only 25 cents. Following are the mixtures:

Shades of White, all the new, fine shades, as pure white, pearl, blush, flesh and white, pearl, blush, hesh awar porcelain, only the newer, larger-flowering sorts as: Blanche Burpee, large, Dorothy Eckford, pure white5 Emily Henderson, early, 5 early, Shasta, large and fine, 5 White Wonder, extra fine, 5 Special mixture of the above 5 Shades of Red, bright

Snaces of sices, pright red, carmine, searlet, crimson and other such huss: Black Knight, deep maroon, 5 King Edward VII, crimson, 5 Mins. Duddele, daily research to the control of Vork, searchet, 5 Prince of Wales, bright rose, 5 Oneen Alexandra, ciantisize, 5 Oneen Alexandra, ciantisize, 5

Defiance, very rich, bright red; handsome 5
Klondyke, yellow with white border; beautiful 5
Special mixture of the above, 4 packets 15 cts, 1 packet 5
GIANT FERN-LEAVED VARIETIES.

The Queen, very beautiful blush ..... Angelica, handsome snow-white..... Perfection, pure white, superb..... 

Mr. Park:—I was successful with the seeds of Chinese Primroses. I had pure white, pale pink with yellow eye and rose color with a double centre, also other varieties. They were all very beautiful. Mrs. Julia Magoon, Orange Co., Vermont, September 13, 1909.

# Primula, Improved Chinese Fringed.

5

For many years I have offered this strain of Chinese Primroses, and it has given unbounded satisfaction. Both plants and flowers have been developed to a high degree of perfection. I offer all of the fine colors, old and new, and they are all represented in my mixture. These Primroses are easily grown, and are the most beautiful of window flowers in winter, always in bloom if given half a chance.

A CLOSING WORD:—If you have tried my Seeds and Bulbs, dear reader. I need not further urge in quality or price. But if you are a new reader I can only say, give my seeds a trial. They will speak for them selves, and your patronage will afterwards be assured. To my old patrons I would say, please ask your neighbor or friead to join you in ordering. You will thus double my list of patrons and my list of Magazine readers, and snable nee to give you even more and better service in future than in the past. And now, thanking you in advance or your favors, and hoping for a liberal share of your patronage, I remain,

Florally yours,

GEO. W. PARK.
